

Leila's Lovelies

ORDERING INFORMATION

Leila's Lovelies can be purchased online at any time during the year or in person at Leila Arboretum from May through September through the Leila Arboretum office. Shipped plants are sold bare root and mailed at priority rate through the USPS. Being a USDA zone 5 garden, early to mid-May is generally the preferred start to the digging and shipping season. Shipping concludes in mid-September. All sales are subject to availability, of course, and an inquiry must be made *prior to ordering* online or in person.

To make an **availability inquiry**, please complete the accompanying form. A reply will be made as promptly as possible.

Arrangements for orders to be picked up in person need to be made through the Leila Arboretum office. Again, use the contact form to establish connection with the overseer of the project.

Payment by check should be made out to "Leila Arboretum Society." Payment by credit/debit card is handled through the Leila Arboretum office. **Sales to Michigan residents are subject to 6% sales tax to be added to the total purchase.**

For shipped orders, the charge is **\$10 for the first plant, \$1.50 for each additional double fan** shipped at the same time in the same box to the same address. However, as postal rates have become volatile, we reserve the right to charge extra if the rates themselves increase, and orders for quantities *over three plants* will have to be assessed independently of this general price.

Plants are dug and shipped on the same day to assure maximum freshness, which means they are also at their maximum weight.

At this time, we do not ship to countries outside the United States.

Our daylily beds are state inspected and declared rust-free.

While every effort has been made to assure that the daylilies are true-to-name, mistakes can occur. We will replace any mislabeled daylily with the correct one or refund your money.
